WEATHER PROBABILITIES.—For this section fair tonight and Friday; light to fresh easterly winds.

TOOK LAUDANUM.—James Clark, committed suicide by swallowing laudanum at the corner of King and Payne streets this morning. On a previous occasion he resorted to this means in the hope of ending his troubles and disappointments, but he was relieved of the drug before it got in its deadly work. Several years ago, it will be remembered, he shot himself in a fit of desperation. He was at that time in love and having been crossed undertook to end his life with a pistol. The wound proved to be superficial and he recovered. He later was married, but his domestic relations were not felicitous, and of late he had not been living with his wife. This morning he appeared in front of Mr. Owen Nugent's store, northeast corner of King and Payne streets, and produced a vial containing laudanum and drank some of the drug. A bystander, who was watching him, warned him of the consequences of a following the deadly potion. Clark then turned the corner and took a seat on some stone near the curb and placing the bottle to his mouth swallowed the contents—about three ounces. He began to droop and finally became limp and helpless. An attempt was made by some persons standing by to place him on his feet, but when they took their hands from him he fell on a pile of stones. Later he was placed in a wagon and taken to the Infirmary in an unconscious condition. Dr. Arthur Snowden, who had been summoned, resorted to every means to counteract the effects of the drug, but it was soon apparent that nothing could be done to resuscitate Clark, who still remained limp and unconscious. About half-past two o'clock this afternoon death closed the scene.

THE HARVEST MOON.—The current nightly illumination by the moon upon which many of the astronomers are gazing now, is called the harvest moon, because it occurs on or about the time of the harvest in the more northern European countries. This peculiar situation of the sun, the earth and the moon on the date of the autumnal equinox, which is usually September 22, causes the full moon which happens to fall nearest that time to rise just as the sun goes down, so that during the whole period of 24 hours it is light enough to perform out door work. No other full moon in the year rises for so many days in succession so soon after sunset. North of latitude 65 the moon actually rises earlier the second evening than it does on the day when it becomes full. The closer the full moon falls to the time of the equinox the shorter is the interval between the rising of the moon on the successive nights. This year the moon will be full on the early morning of September 28, and for a number of evenings it will rise only about half an hour later each day.

NO RAILROAD SALE.—Those who are fully advised as to the affairs of the Washington Southern, the Pennsylvania Railroad's Virginia branch from the Long bridge to Quantico, say that no sale of that property has been made to the Richmond, Fredericksburg and Potomac. The latter company, in order to save the employment of separate crews and other expenses incident to operating two trains between Richmond and Washington, will run direct into that city. The Pennsylvania, Baltimore and Ohio, Chesapeake and Ohio, Southern, Seaboard Air Line and the Atlantic Coast Line each owns one-sixth interest in the Washington and Southern and the Richmond, Fredericksburg and Potomac. The new arrangements, as heretofore stated in the Gazette, is simply the result of an agreement between the same companies named, selecting the Richmond, Fredericksburg and Potomac as its operating agent.

SUNDAY SCHOOL CONVENTION.—The evening session of the Methodist Protestant Sunday School Convention was opened at 7:30 o'clock with devotional services, led by R. V. H. S. Lease. Interesting addresses were delivered by several members of the convention on various branches of church work. The session was largely attended. At the afternoon session the following officers were elected: President, Rev. J. W. Gary, of the First Methodist Protestant Church, of Washington; Secretary, Rev. J. H. Strangh, of the Mount Tabor Methodist Protestant Church, of Washington; Treasurer, Rev. H. S. Lease, of Vienna, Fairfax county. The next annual convention will be held at the First Methodist Protestant Church, at Washington.

DEPOSING PROPERTY.—Many owners of property in this city are kept in a chronic state of exasperation by the acts of vandals who take pleasure in defacing houses and fences either by cutting, scratching or marking, especially after the expenditure of painting them has been incurred. If white paint is used the defacer will use charcoal, and other colors cause chalk to be brought into requisition. It is believed these acts are mostly committed by youngsters. The penalty for defacing property is five dollars, and eventually some of the mischievous parties will be detected, arrested and made pay the fine.

PATENTS.—The following patents granted this week to residents of Virginia are reported for the Gazette by Davis & Davis, Washington Patent Attorneys, as follows: Sulphite digester, William A. Luke, Covington; drenching but, Thomas H. Rush, Lam; lock, Maurice F. Hutchinson, Florida; assignor of one-half to Rudolph Charles Eichberg, Alexandria; fire extinguishing compound, Oliver V. Lacey, Newport News; assignor to New York Fireproofing Compound Co., same place; electric rail bond, Samuel P. Cowardin, Richmond; spark arrester, Morris Moore, Danville.

TO CURE A COUGH IN ONE DAY. Take Laxative Bromo-Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Groves' signature is on each box, 25c.

B. W. Parrell, Kintnersville, Pa., says he suffered 25 years with piles and could obtain no relief until DeWitt's Witch Hazel Salve effected a permanent cure. Counterfeits are worthless. For sale by E. S. Leadbeater & Sons.

NEW HOUSES FOR SALE.—The six beautiful new and modern three-story brick houses on the west side of Pitt street, opposite St. Paul's Church, are offered for sale on the most advantageous terms. The advertisement will be found elsewhere. These houses are among the neatest, prettiest, commodious and most convenient that have been erected in this city for many years. They are centrally situated in a good neighborhood, and those in want of nice homes have a rare opportunity of acquiring them. Each house contains eight rooms and bath; they are connected with the sewer; the cellar and yards are concreted, with range in kitchen, each room heated by radiators, have cabinet mantels with French plate mirrors and tiled fireplaces; also vestibules, closets in every room and two linen closets. One of the houses is being handomely papered and it will be open for inspection next Saturday night from 7:30 to 9 o'clock, and on Sunday from 10 to 4 o'clock. These houses were constructed by order of the building association, and they will be disposed of at about cost price. Should the houses be purchased the associations, which now have idle capital at their disposal, will build others. There is a demand in Alexandria for suitable dwellings, and it will be the aim of these associations to meet this demand.

RIVER NEWS.—The steamer Washington, which arrived this morning from Norfolk reported that she was struck by a southeasterly gale after entering the river last night. The wind blew with terrific force and a high sea was raised. The steamer, however, was delayed but little and arrived here nearly on time. The schooner James Boyce, now at W. A. Smoot's wharf is loading railroad ties for Boston. The barge York, now at the same wharf, was preparing to leave today for Great Yemassee where she will load poplar wood for Philadelphia. The barge Annie is loading sewer pipe at Shepherd's for Fort Washington. The barges Charles U. Nott and Potomac are being loaded with fertilizer by the Bryant Fertilizer Company for points on the Chesapeake and Ohio Canal.

The steamer Wakefield, which has returned from Newport News where she was overhauled, repaired and refitted, resumed her trips on the Potomac today. The T. V. Arrow-smith will be withdrawn from the river route in a few days and taken to Newport News for a general overhauling. Several additional steamers will be added to the steamer.

PERSONAL.—Mrs. Clarence R. Howard, who was here for a few days this week, has gone to her former home in Alexandria. [Fredericksburg Lance. Miss Lizzie Maples, of Charlottesville, is visiting Mrs. George M. Reynolds in this city. Mrs. B. A. Wright, who has been visiting in Gordonsville, has returned to her home in this city. Mr. T. B. Garrett has gone to New York to see the world race. Mr. Edward H. Sabler, of this city, and Miss M. M. S. Cutler, of Boston, were married in the latter city on Sunday last. Mr. Sabler will return to this city with his bride in a few days.

OPERA HOUSE TONIGHT.—There will be found to be an abundance of action and realism in "The Devil's Dances" to gratify the demand of the present age, consisting of a succession of humorous and tragic situations, made more entertaining by incidental specialties, introduced to advantage because they are so placed that they do not mar the action of the play. The capable acting and pleasing specialties have received unstinted approval and the interest aroused continues to grow until the final of the last act is reached.

FOOTBALL.—The Junior Athletic Club have organized their football team of 1901. The average weight is 98 pounds. All challenges to be addressed to Carl Minniarode, Potomac Academy, north Washington street, Alexandria, Va. The line up is as follows: Center, Harris; right guard, Johnson; left guard, Burke; right tackle, Waller; left tackle, Dent; quarter back, Jones; full back, Fisher; right half back, Anley (captain); left half back, Horvener; left end, Crump; right end, Minniarode (manager).

POLITICAL.—Mr. J. Taylor Edyson, chairman of the State democratic committee, will be in the city Monday when a meeting of the 8th district will be held at Mr. Leonard Marbury's office at 12 o'clock. The chairman of the district county organizations will be present. Arrangements for the fall campaign will be made on this occasion.

POLICE COURT.—For two consecutive days no cases have appeared on the docket of the Police Court. No complaints of any sort have been made, and so far as can be seen perfect tranquility prevails throughout Mayor Simpson's jurisdiction. It is hoped it may not prove an ominous calm which is to be followed by some serious upheaval.

WEDDING.—Miss Sadie Hamburger, of Baltimore, and Henry Kalzoun, of Washington, were married in the parlors of the Hotel Fleischmann, in this city, Tuesday night. The ceremony was performed by Rabbi Golman, of Washington. After the ceremony the couple left for Washington, where they will reside.

FAIRFAX HORSE SHOW.—The horse show at Fairfax the 1st, 21st and 31st of next month promises to be a success from present indications. A long list of horses have already been entered, which contains some of the best in the county. There will be many other attractions.

SENTENCED TO THE PENITENTIARY.—At Frederick, Md., yesterday George Weibel, who said Alexandria was his home and who was indicted by the grand jury on Tuesday for attempting recently to wreck the early morning Baltimore and Ohio passenger train from Frederick to Washington, pleaded guilty and was sentenced to serve eight years in the Maryland penitentiary. Weibel placed a tie across the tracks at Lino Kila. The obstruction was discovered in time to prevent an accident. As heretofore stated, no one here knows anything about Weibel.

MRS. ROBERTA PAYNE, who last month was assaulted by Willis Pettit and who a few days ago went to the Infirmary for treatment, left that institution after a short stay and her whereabouts are not known, though it is said she has gone to Washington. It is said she made a very unfavorable impression at the Infirmary and everybody there rejoiced when she left. News has reached this city that she has caused trouble in other places where she lived.

A. L. I.—The annual inspection of the Alexandria Light Infantry by Col. Jo Lane Stern, inspector-general of the State militia, will be held at Armory Hall tonight and a full turn out of the men is expected. As heretofore stated, Maj. Smith and his staff will be in attendance. Admission to the hall will be by card.

RAILWAY DISABLED.—The marine railway is again out of order. The chain head of the ways collapsed this morning while an attempt was being made to haul out the schooner Shining Light. Repairs will be made as speedily as possible.

COUNTY COURT.—Judge J. M. Lee presiding.—The grand jury returned indictments against J. Nugent, J. A. Gray and M. Lawler for selling liquor on Sunday. Com. vs. Robert Dent, alias Pendleton, indicted for horse stealing; jury and case in progress.

Bernard Cline and Henry Schlichting while in a skiff this morning were speeling in the river, but were rescued by Lieut. Smith, who happened to be passing in another skiff at the time. The civil service examination, mention of which was made yesterday, was held at the postoffice here today. Twenty-eight persons, nearly all of them Washingtonians, presented themselves for the examination. Leo Camp, Confederate Veteran, has received an invitation from A. P. Hill Camp, of Cambridge, to take the parade to be held in that city on October 23rd on the occasion of the meeting of the Grand Camp in that city.
